

NEW: Tawas Crystal Deodorants

Tawas Crystal Deodorants

Welcome to the world of TawasA safe and chemical-free alternative deodorant for you and your family. The Deodorant Of The Future, used in Asia for more than 500 years! Millions in the Philippines have used Tawas Crystal for centuries. Our Processing Plant is located at the home of the Original Tawas Crystal on the beautiful island Cebu; one of the 7014 islands making up the Philippines. Don't worry about harmful chemicals, fragrances, oils or alcohol. Tawas Crystal is crafted from pure mineral salts "Potassium Sulfate 12-Hydrate" commonly known as Potassium Alum. Back To Nature... We borrow the crystal from Earth - it returns to Earth, dissolved in the marine milieu while nature remains unpolluted and animals unharmed.
